Getting to your accommodation from the Airport

We suggest that you either use UBER (~50PLN) or book a taxi in advance from ELITE Taxis where we have negotiated a fixed payment of 70PLN (£14.4, \$19.2). This can be paid online through credit/debit card, bank transfer, or paid with cash or card to the driver. The taxi will be a standard vehicle which can take up to 4 people. The taxi driver will be waiting for you at the airport with the board with your name on it and can take you directly to your hotel.

To book, go to <https://airporttaxigdansk.com.pl/en/booking/>
